Spectrum Meet!

Welcome to our website!

Development

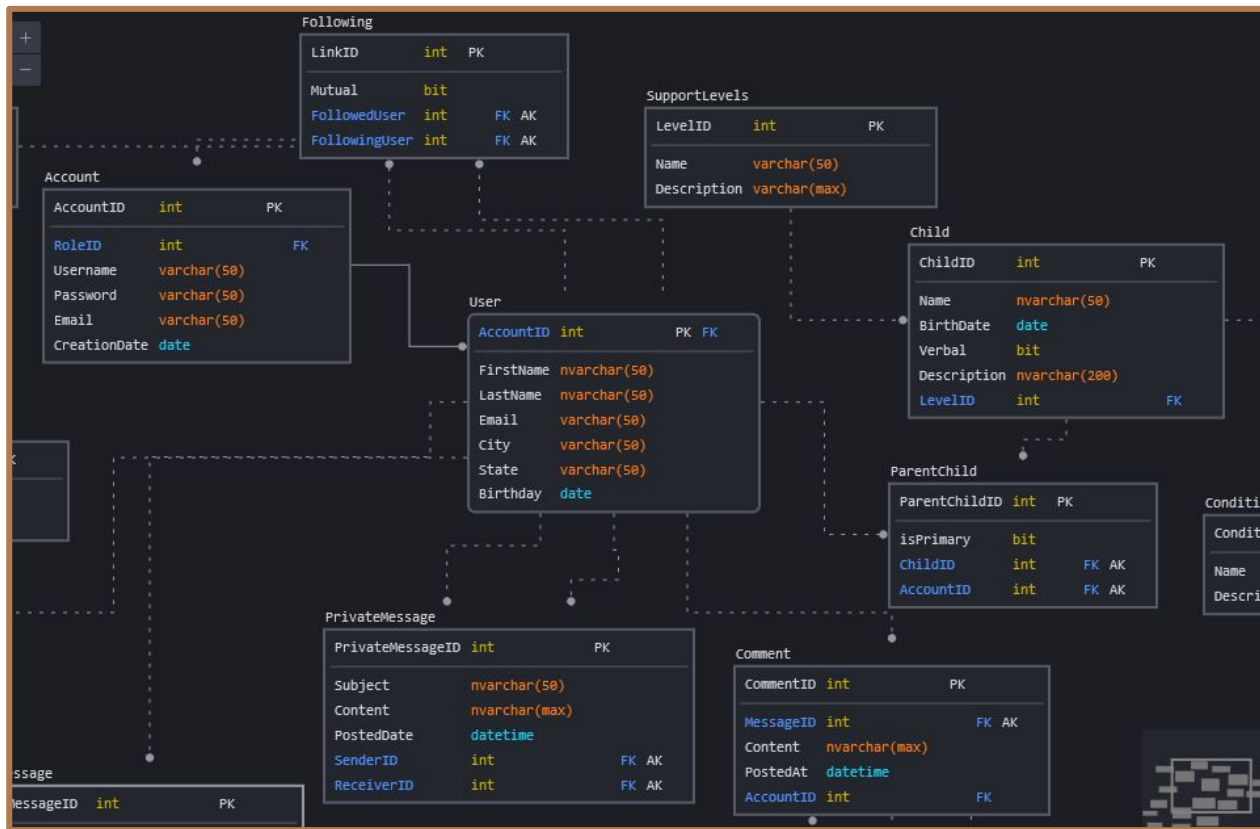

Constructed and modified the ERD to fit our specified features:

- Support for an extensible amount of different mental and physical conditions.
- Message Boards for parents to connect with each other.
- Support for comments and replies on message boards
- A tagging system to search by location, condition, age group, etc.
- Private messaging between accounts
- Support for users following each other's profiles to easily reconnect with one another.

Entity Relationship Diagram

Made 24 Total Revisions before settling on a final design. Complexity increased with features proposed to create a more complete project.

Flyer Design

- ★ Created a flyer for the event that fit the requirements.
- ★ Create the design and chose the colors for the flyer .
- ★ Next Week Goal: To work on the team report and the flyer.

Thank you
